

Thank You from Diane

Good afternoon, Ben!

THANK YOU... THANK YOU for your time, generosity and creativity this morning. Well done!

You offered an excellent approach of creating the proper framework for the entire event. I'm sorry I missed the opportunity to see you prior to your departure. I wanted to thank you in person and express our sincerest appreciation to you and for you and your gift.

You were motivating and well connected with our theme and audience. It was also good to meet your mom and we were pleased that she was able to join us. You are good people!

Thank you. We're honored to know you and we hope our paths will cross again. All the best to you.

Sincerely, Diane
